## 2020 WLCL EVENTS

May 26, Tuesday - Sail Boat Races Start

May 27, Wednesday - WLCL Meeting

June 13, Saturday - Spring Fishing Tournament

June 24, Wednesday - WLCL Meeting & Election

July 4, Saturday - Independence Day Celebration

(Boat parade starts at 2:15 pm. Fireworks start at dusk.)

July 5, Sunday - 12th Annual Pancake Breakfast

July 25, Saturday - 10th Annual White Lake Home & Cottage Tour

September 12, Saturday - Fall Fishing Tournament

TBA - Fall Bowling Fireworks Fundraiser

December 9, Wednesday - Christmas Party

## PRESIDENT'S CORNER\*

By Bill Maine

*President, White Lake Citizens League*

2020 has started out as a very different year from what any of us could ever have imagined. With so much of our lives turned upside down we need to look forward with hope.

Hope that we will be able to enjoy many lake activities. We have already seen an early start to the boating season shut down due to a new Gubernatorial Executive Order. However, the fisherfolk are rowing out tempting the fish, and kayaks still ply the waters. Neighbors still smile and wave, although from a distance. Hope for a return to normality grows.

Just because we need to social-distance, we won't change who we are.

What may change is our ability to hold our annual summer events as we have in the past. We hope to hold as many of the events as possible - including the Spring & Fall Fishing Tournaments, Tuesday Sailing races, July 4th Boat Parade & Fireworks.

Our ability to hold some of our most popular

fundraising events, including the Memorial Day Pancake Breakfast, moved to July 5, 2020, and our Spring Bowling Tournament, have been rescheduled due to our need to comply with social distancing. These annual WLCL events have been significant fundraisers for the July 4th Fireworks. Please keep a close eye on our website and Facebook page for updated information all of our activities.

With these events in question, your continued strong support of our Membership Drive is even more crucial this year. If you have not joined in the past, this is an excellent time to become of part the WLCL community. We hope to be able to count on your support of this year's Membership Drive and Donations. If you have not done so, consider using our Credit Card payment system, accessible through our web site, [www.wlcl.org](http://www.wlcl.org).

The 2020 flag is a sunny yellow, an optimistic color which will shine brightly in the summer sunshine. Fly it proudly and know that every other boat displaying this flag is another supportive neighbor and member.

Let's hope for a wonderful summer.

**WLCL 2020  
MEETING  
SCHEDULE**

**WLCL  
MEETINGS**

are open to everyone, and are held on the 4th Wednesday of each month (February - September).

**LOCATION\***

Online until further notice. See *Note* below.

**2020 MEETING  
DATES**

Apr 22, 2020  
May 27, 2020  
Jun 24, 2020  
Jul 22, 2020  
Aug 26, 2020  
Sept 23, 2020

**\*NOTE:**

Until restrictions on gatherings end, WLCL Board Meetings will be held online.

**WATCH**

[www.wlcl.org](http://www.wlcl.org), the Facebook page, and your e-mail for details.

## SHERIFF LAKE PATROLS

By Dave Reid

This summer White Lake is again contracting with the Oakland County Sheriff for Marine Patrols on our lake. In addition to patrolling every weekend from Memorial Day to Labor Day, the Sheriff will patrol on occasional weekdays and late nights.

Immediately report serious incidents or dangerous activity on the lake any time by calling 9-1-1 or the Oakland County Sheriff Dispatcher at 248-858-4950.

While we strongly believe that these patrols make our lake a safer environment for boaters and families, we are always open to hearing your individual comments and concerns. More information is available on the "Sheriff Marine Patrols" and "Boating Safety & Regulations" pages of the WLCL website.

## WEED CONTROL

By Frank Dyson

Latest information! The Governor has just announced a relaxation of the restrictions on landscaping, lawn maintenance and similar occupations. This includes our weed control Company, Aqua-Weed. Frank Dyson will be contacting Aqua-Weed today to set up an appointment to do their usual thorough mapping

of the lake to enable proper planning and application of weed control measures as required.

The chemicals to be used are shown in the included treatment notice. Yellow notices will be posted prior to each treatment. Please contact us regarding weed problems at [weeds@wlcl.org](mailto:weeds@wlcl.org).

Updates on this matter will posted to the [wlcl.org](http://wlcl.org) website and FaceBook page as we have additional information.

## THE WLCL FORTH ANNUAL WINTER CARNIVAL

By Chuck Neville

*Winter Carnival Co-Chair & Treasurer*

The 4th Annual Winter Carnival planned for Saturday February 1, 2020 was the victim of mild winter weather and unsafe ice. Many thanks to

all who helped prepare for this year's Carnival and changed plans to support the rescheduled date of February 15, 2020.

Unfortunately, the ice never got thick enough to safely hold the carnival. Also, "Thanks" to Gen X PyroTechnics for applying the Winter Carnival Fireworks deposit to the cost of our 2020 July 4th show. Weather permitting, we look forward to seeing everyone again at 2021 Winter Carnival on Saturday February 7, 2021.

## ANNUAL MEETING

By Bill Maine - *President*

Due to the complexity of allowing members to vote their choices in a COVID-19 environment, we have decided to move our General Membership Meeting & elections to June 24, 2020. This change is made in hopes that The White Lake Township Board Room will be available to us on that date. Any further changes will be published on our website and Facebook page.

An important part of this meeting is the nomination and election of residents to serve a two year term on the Board of Directors. Any resident who is interested in serving on the Board of Directors is encouraged to contact President Bill Maine by email at [president@wlcl.org](mailto:president@wlcl.org) to express their desires.

Residents who are 2020 members of the WLCL are eligible to vote in the meeting for the new Board of Directors and Officers for the coming years. Full details may be reviewed in the Bylaws of the WLCL, which are available on the "Publications" page of our website.

## SAIL BOAT RACES

By Manuel Bartolo - *Commodore*

Ahoy sailors! 2020 marks the 12th year of organized sailboat racing on White Lake. The start of this year's season is May 26, 2020 and new participants of all levels are encouraged to join.

terest in the sport. The races are scheduled to begin at 6pm on the first Tuesday following Memorial Day and run through the week of Labor Day. With boater safety being a key consideration, participants are notified via phone, text or e-mail of pending weather induced cancellations or postponements. Please contact Manuel Bartolo at [mjbartolo@comcast.net](mailto:mjbartolo@comcast.net) to be added to our mailing list.

It doesn't matter if your sailboat is big, small or if you have none at all. We will try to find a boat with an open seat for you to crew on. The racing format is very casual and intended to help grow and share in-

So let's welcome the coming of summer by getting that sailboat ready for the water and come have some fun sailing. More information can be found on the "Sailing" tab on the [wlcl.org](http://wlcl.org) website.

# INDEPENDENCE DAY FIREWORKS

This year's fireworks will occur on Saturday July 4th. The White Lake Citizens League has again contracted with Gen-X Pyrotechnics for a stunning display of lights and explosions. As in years past, the display will begin shortly after sunset, and the sheriff will designate a boundary for boats at a safe distance around the firework barges to protect everyone.

Did you know that a special permit is required by the township and the fire department must be on call before the fireworks

can start? Our great community is fortunate to be able to enjoy and share such a magical event due to the generous donations from all of you, our White Lake Citizens League members and sponsors. Did you also know that the White Lake Citizens League funds 100% of the costs for the fireworks show together with coincidental insurance and township permits? If you have not yet donated to the 2020 fireworks fund, please do to ensure that we can continue to have this amazing event.

Gather your friends, sit back, relax and enjoy the show!

*A special thank you to the Seven Harbors Association for allowing us to use their beach property to load the fireworks barges again this year.*

---

## BOAT PARADE

By Lenny Wojewoda

With the COVID-19 pandemic we have all been living with the past few months, we feel the best theme would be one that allows us to blend our patriotism with our admiration for the bravest folks in our land. Our theme will be "First and Front Line Responders". This will include the Doctors, Nurses,

Military Folks, Police and Fire personnel, Grocery shoppers, package delivery employees, mail carriers, grocery store remote shoppers, banking personnel, retail employees, trash collectors, gas station attendants...all of those people who were unable to stay home and maintain social distancing by helping the rest of us live through the COVID-19 quarantine. They didn't just make our lives better, they helped prevent the collapse of our society. Let's show our admiration and appreciation of these fine people!

---

## MEMORIAL DAY PANCAKE BREAKFAST

By Denise LaFlamme

Our traditional Memorial Day Pancake Breakfast is being re-scheduled to Sunday July 5, 2020 due to COVID 19. While the State may have lifted the Stay Home Stay Safe executive order by

Memorial Day, we want to make sure people feel safe in gathering and therefore have made the decision to delay the event to Sunday July 5th. Chris Cakes will be freshly cooking our pancakes and sausage for the breakfast again this year. Like last year, after you catch your pancakes, step over to the topping bar and enjoy the fresh strawberries & blueberries, chocolate chips and sprinkles (or just have them with syrup). This is would be a great way to finish up the July 4th weekend so gather up family and friends, bring them out to the White Lake Inn for breakfast.

---

## HOME TOUR

By Chuck Neville

*Chair & Treasurer, Home Tour*

The 10th White Lake Home Tour is being planned for Saturday July 25, 2020. As in the past, the tour will consist of a pontoon ride to each house, with wine and cheese on the pontoon and

a guided tour of five homes. All proceeds benefit the White Lake Citizens League Summer Fireworks and Winter Carnival Fireworks. Tickets this year will again be sold on line on a first come first served basis. Pictures of the homes on the tour and the timing of ticket sales will be announced by e-newsletter and on the wlcl website and Facebook page. If you are willing to help make this year's event successful by showing your home, please email [home\\_tour@wlcl.org](mailto:home_tour@wlcl.org) or call Chuck Neville (248) 390-4139.

---

## BOWLING TOURNAMENT

By Denise LaFlamme

White Lake Bowling Tournament is now tentatively planned for Sunday September 27, 2020 at the Cherry Hill Lanes North, which is owned by White Lake resident Jim Kulha. The date

will be confirmed and details will be communicated as soon as the COVID 19 situation permits. Please plan to come out to join the fun and make new friends with other White Lake residents!

---

## MEMBERSHIP DRIVE

By Linda Smallwood

*Membership Chair*

Thank you to everyone who supported our 2019 Membership Drive, helping us reach a new high of 400 members. Thank you also to our Membership Drive Representatives; we greatly appreciate all that you do for the WLCL.

are encouraging you to make your payment and donations on-line or by mail. The website [WLCL.org](http://WLCL.org) is setup to accept your transactions and will notify us as payments are made. As you know Membership is voluntary and still \$25. We always appreciate the many generous donations that contribute towards our fabulous Fireworks and events.

We chose bright yellow for the 2020 Flags, as a symbol of sunshine, hope and happiness. We are looking forward to seeing this year's flags on everyone's boats.

The 2020 Membership Drive, under the current edicts, will begin a little differently from previous years. For now, we

**\*\*This notice is required for each Lake/Pond resident, to be distributed between 7 - 45 days prior to first treatment (per EGLE rules)\*\***

## **TREATMENT NOTICE**

**RESIDENTS IN THIS AREA ARE PLANNING TO HAVE THE WATERS IN THIS AREA TREATED WITH HERBICIDES AND ALGAEICIDES FOR CONTROL OF AQUATIC WEEDS AND/OR ALGAE**

This notice is being circulated as required by the Environment, Great Lakes & Energy (EGLE) rules. A permit for the treatment has either been secured or will be secured from EGLE before the work is begun. In some cases a permit is not required.

You are receiving this notice if you are in the proposed treatment area, or if you are within 100 feet of the proposed treatment area. In some cases, we also provide this notice to persons in adjacent subdivisions as an informational courtesy to advise persons who may have beach rights but are not lakefront residents.

We usually work with groups of homeowners or their elected representatives through homeowners associations, or with the owners of apartment or condominium units. Please try to contact any of these in your situation if you have any questions about the proposed treatment plan.

**Aqua-Weed Control, Inc. typically performs two types of treatments: algae control and weed control.**

**Algae Control** - If we are doing only an algae control treatment using only copper based products then no water use restrictions apply. We will post the shoreline with yellow signs informing you of this work as required by EGLE.

- Lakes – Typically lake shorelines are treated twice during the summer.
- Ponds - Expect several algae control treatments during the summer beginning in late April thru September.

**Weed Control / Water Dye** - If we are treating for weeds, or using blue dye, or using some non-copper algae control products then there are restrictions on the use of the water, and we will post the shoreline with yellow signs before these products are applied to the water body as required by EGLE.

We treat each water body according to a schedule or seasonal plan worked out between the persons in charge and an aquatic manager. A typical plan will include multiple treatments from May thru August and possibly September. However, due to the differences in season plans and the uncertainty of weather, please watch your shoreline for the posting of the yellow signs throughout the summer.

**Typical lake weed control treatment patterns:**

- If your lake is to be treated with Fluridone then you can expect treatment in late April or early May and then again in mid May.
- If your lake is to be treated for weeds using other herbicides then you can expect two treatments a summer. The first being in late May or early to mid June. The second application typically is done in mid to late July or early August depending on weed growth patterns. In a few cases a third touch-up weed application may be required.
- Ponds are typically treated for weeds twice each summer.

**IN MOST CASES YOUR WATER BODY WILL BE TREATED MORE THAN ONCE EACH SEASON; CHECK THIS WITH YOUR ASSOCIATION.**

The posted signs will indicate the date of the treatment, the product name, the active ingredient and any restrictions as to the use of the water for swimming, watering lawns and the consumption of fish taken from these waters. We use NEW SIGNS for each treatment.

When more than one product is used the restrictions longest limits will be posted. **IF YOU HAVE ANY QUESTIONS PLEASE CONTACT YOUR HOMEOWNERS ASSOCIATION OR NEIGHBORS WHO ARE IN CHARGE OF THE TREATMENT OR YOUR APARTMENT OR CONDOMINIUM MANAGER.** If they cannot answer your questions, we can be reached at the number on the other side of this notice.

Only products which have been registered for use in the aquatic environment by the Michigan Department of Agriculture and the US Environmental Protection Agency are used.

We anticipate using one or more of the products listed. Please be aware of the restrictions on each product. If EGLE changes any restrictions they will be noted on the signs we post.

(OVER) →

## PRODUCTS & RESTRICTIONS: (Information below is from product labels. When 2 or more labels exist for a single active ingredient the most stringent information is provided)

**Diquat Dibromide:** Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water to irrigate turf or non-food crops for a period of three (3) days after treatment. Do not use the treated water for watering food crops, animal watering (farm stock – not incidental drinking by a domestic pet), or drinking purposes for a period of five (5) days after treatment. There is no restriction on fish consumption. Diquat dibromide is the active ingredient. No swimming restriction exists on the federal label of this product. Common trade names for this product: Reward, Tribune.

**2,4-D (ester and amine):** Do not use the treated water for swimming for 24 hours. Do not use treated water for irrigating plants, mixing sprays for agricultural or ornamental plants, watering dairy animals, or domestic water supplies for 21 days. "Irrigation" includes watering gardens –however it does NOT include established grasses. Domestic use means using lake water inside your house. There is no restriction on fish consumption. 2,4-D is the active ingredient. Common trade names for this product: Navigate, Sculpin G, Renovate Max G (also contains Triclopyr)

**Triclopyr:** Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water for irrigation of any plants except turf grass for 120 days or until the active ingredient has dissipated below a non-detectable level as determined by water testing (usually after 2 weeks). This restriction does not apply to established turf grass watering. There is no restriction on fish consumption. Triclopyr is the active ingredient. No swimming restriction exists on the federal label of this product. Common trade names for this product: Renovate 3, Renovate OTF, Renovate Max G and Navitrol. (Note: Renovate Max G also contains 2,4-D)

**Endothal:** Do not use treated water for swimming for 24 hours (EGLE restriction). Endothal is the active ingredient in each of these products. No swimming, fishing or watering restrictions exist on the federal label of this product. Common trade names for this product: Aquathol-K, Super Aquathol-K, Hydrothol-191 (liquid and granular)

**Fluridone:** Do not use the treated water for swimming for 24 hours (EGLE restriction). It is suggested that lawn and garden watering be restricted from 7 to 30 days at the extreme. The suggested number of days depends on the rate applied and whether you are on a lake or canal and the type of irrigation. When parts per billion (PPB) concentrations of fluridone reach 5 PPB or less there are NO irrigation restrictions. Established turf and tree irrigation restrictions expire (NO restriction) at 10 PPB or less. Most fluridone applications permitted in Michigan are applied at 6 PPB or less! The sign we post when we treat will give the details for your area. Fluridone is the active ingredient. There is no restriction on fish consumption. No swimming restriction exists on the federal label of this product. Common trade names for this product: Avast!, Sonar, SonarOne, Sonar Genesis

**Water Dye:** Do not use the treated water for swimming for 24 hours (EGLE restriction). No restriction for fishing and watering. Organic dye (food grade) is the active ingredient. The label restriction for swimming is "several hours" after application or after even mixing throughout the water body. Common trade names for this product: Cygnet Select, Cygnet Extreme, Pure Blue, Paradise Blue.

**Copper based algaecides:** NO WATER USE RESTRICTIONS. Copper is the active ingredient. Informational posting only. Common trade names for this product: Copper Sulfate, Cutrine (Plus, Ultra), Captain (XTR), K-Tea, Symmetry, SeClear G, F-30.

**Copper based herbicides:** Do not use the treated water for swimming for 24 hours (EGLE restriction). Copper is the active ingredient. No restriction for fishing and watering. No swimming restriction exists on the federal label of this product. Common trade names for this product: Nautique, Komeen, Harpoon (liquid and granular), Current.

**Sodium Carbonate Peroxyhydrate:** No water use restrictions. The active ingredient is a strong oxidizer. Common trade names for this product are: Green Clean Liquid, Green Clean 2.0, and Green Clean 6.0.

**Glyphosate:** Do not use the treated water for swimming for 24 hours (EGLE restriction). No restriction for fishing and watering. The active ingredient is Glyphosate. No swimming restriction exists on the federal label of this product. Common trade names for this product: ShoreClear, ShoreClear-Plus, Aqua-Star, Refuge, Aquapro, Aquaneat.

**Imazamo:** Do not use the treated water for swimming or irrigation for 24 hours (EGLE restriction). No restriction for fishing and watering. The active ingredient is Imazamo. No swimming restriction exists on the federal label of this product. Common trade names for this product: Clearcast.

**Flumioxazin:** Do not use the treated water for swimming or irrigation for 24 hours (EGLE restriction). Lawn and garden watering is restricted for 1 day after treatment. Do not use the treated water for watering food crops, animal watering (farm stock – not incidental drinking by a domestic pet), or drinking purposes for a period of five (5) days after treatment. No restriction for fishing. The active ingredient is Flumioxazin. No swimming restriction exists on the federal label of this product. Common trade names for this product: Clipper, Schooner.

**Florpyrauxifen-Benzyl:** Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water for irrigation of any plants except turf grass for 14 days or until the active ingredient has dissipated below a non-detectable level as determined by water testing (usually after 2 weeks). This restriction does not apply to established turf grass watering. There is no restriction on fish consumption. The active ingredient is Florpyrauxifen-benzyl. No swimming restriction exists on the federal label of this product. Common trade names for this product: ProcellaCOR

**Carfentrazone:** Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water for irrigation of any plants except turf grass for 14 days if more than 20 % of the waterbody was treated. This restriction does not apply to established turf grass watering. Do not use the treated water for animal watering (farm stock – not incidental drinking by a domestic pet), or drinking purposes for a period of one day after treatment. There is no restriction on fish consumption. The active ingredient is Carfentrazone. No swimming restriction exists on the federal label of this product. Common trade names for this product: Stingray.

This notice contains information that is the latest available at time of printing. We update this notice as required to keep all data current. Updated versions of this notice and product labels are available at our website. ([www.aquaweed.com](http://www.aquaweed.com))

# A BIG THANK YOU to these local businesses who supported the WLCL in 2019!

## FISHING TOURNAMENT

By Scott Trudell

*Fishing Tournament Chair & Board Member*

The 2020 WLCL Fishing Tournament is still scheduled to be held on Saturday, June 13th from 7:00 am to Noon. You think you have what it takes to be the best angler on White Lake? This family friendly event is a great time to show off your fishing skills (or luck). White Lake is a great fishery for Large and Small-mouth Bass, Pike, Bluegill, Crappie and, "according to legend", Walleye. Our fishing tournament is held during the Michigan Free Fishing Weekend, so anyone can participate without buying a license. This year we are adding coffee for anglers at sign-in and some more give-a-ways for all participants.

Registration starts at 6:00 am at the White Lake Inn, with a \$30.00 entry fee per boat. There is no limit to the number of anglers on a boat, however, due to a State of Michigan Order, only members of the same household are allowed on a boat. One participant must be a member in good standing with the

White Lake Citizen's League. We are not allowing Carp in the tourney or using the bow-fishing method to obtain fish. Cash prizes and trophies will be awarded based on the largest combined weight of 3 fish per boat (1st and 2nd place), largest single fish and largest Walleye. All trophies will be awarded this year the morning of the event. We have two Youth Trophies (1st & 2nd place) for largest fish (by weight) for anglers 13 years of age and younger. Log onto WLCL.org to download a copy of the official rules, regulations and entry form.

Due to circumstances, tournament rules and regulations are subject to change. We will abide by all State of Michigan guidelines for dealing with the COVID-19 pandemic. If you have questions about how this affects your team or the event, please email [Scott.trudell@comcast.net](mailto:Scott.trudell@comcast.net)

Need more time out on the water? Back by popular demand is our Fall Fishing Tournament. The tournament is scheduled for Saturday, September 12. Same rules apply.

Grab your gear, grab the kids and let's go fishing!

## COMMUNICATIONS

Although this printed newsletter provides a glimpse into the many good things that happen on White Lake, it is only sent out once a year. To get the up-to-the-minute details, you need to subscribe to one or more of our social media channels. (You don't need to be a member of the WLCL to subscribe to either of these!)

- **Facebook Page:** event information is posted here as soon as it is available, as well links to water-related information that may be of interest to you. There are even photo albums of many of our past events. This page currently has 799 followers and keeps growing (up from 688 this time last year)! Search WLCL at the

top of your Facebook timeline to find our page. (Then be sure to click the "Like" or "Follow" buttons at the top of our page to keep seeing posts in your news feed.)

- **E-Newsletters:** e-mails, often containing more details than the Facebook post, are currently sent to a private list of 642 e-mail addresses (up from 610 this time last year). You must subscribe yourself by using the "Click here to subscribe" link at the bottom of the website home page, clicking on the blue "Sign Up" button near the top of the Facebook page, or by going to [wlcl.org/subscribe](http://wlcl.org/subscribe). (Including your e-mail address on the membership form does not automatically subscribe you.) If you haven't seen any e-newsletters recently, you may want to check your "spam" or "junk"

folders, or try re-subscribing.

- **Website:** of course, our website ([wlcl.org](http://wlcl.org)) is still a great reference any time. The home page is your quick guide for the dates of all upcoming activities, and the most detailed information about each event. Explore the tabs on the page to learn even more about our lake and WLCL programs, and to join the WLCL online.

The White Lake Citizen's League is looking for help managing our online communications. Members who are knowledgeable in social media postings and would like to volunteer to help grow and promote our activities online, please contact the WLCL.
