2021 WLCL EVENTS

May 26, Wednesday - WLCL General Membership Meeting & Elections

May 31, Monday - Memorial Day Pancake Breakfast

June 1, Tuesday - Sailboat Races

June 12, Saturday - Fishing Tournament

July 3, Saturday - Independence Day Celebration (*Boat parade TBD, fireworks begin at dusk.*)

July 24, Saturday - 11th Annual White Lake Home & Cottage Tour

TBD - Fall Bowling

September 22, Wednesday - Volunteer Appreciation Event

PRESIDENT'S CORNER

Bill Maine

2020 turned out to be the year that COVID turned all our plans for WLCL events upside down, with the important exception of the Independence Day Fireworks show, which by all accounts, was a spectacular show. The lake residents rose to the occasion and because of your generous donations, the WLCL is in as good a financial position as we have ever been. Therefore, we will be able to continue having the marvelous fireworks shows and other events that we sponsor. Thank You to All for your generous support!

As the WLCL celebrates its 60th anniversary this year, we are not changing who we are or what we hope to do to make White Lake the great fun place it is. Yes, COVID is still very much a threat in 2021 despite the many people that have been vaccinated and all the precautions people have taken. So, we will adjust our plans for a few events to ensure they are safe for everyone. Like every year, we will see our neighbors and friends on the lake and wave and smile even if it still has to be from a distance. The fishermen are out

on the lake, the sailboat races will be starting soon and docks & boats of all sorts are being put in the water (without the delays of last year). And the Independence Day Fireworks show will go on!!

Again, this year some of our traditional fund raising may not be possible so your continued support of the Membership Drive is more crucial than ever. To those who have joined in the past, please do so again this year. If you have not joined in the past, we ask that you seriously consider joining to help support the Fireworks shows and other events. The membership form is on the back page of this newsletter. Or if it is more convenient for you to join on-line, please go to wlcl.org and click the Membership Page link and then the Join Now button. We have your Apple Red & White Membership flags ready to deliver and will get them to you right away!

Please fly your membership flag proudly on your boat and know that every boat flying the flag has supported the fireworks show and other events that help make White Lake such a great place to live!

2021 MEETING SCHEDULE

WLCL MEETINGS

Open to everyone,
and are held on the
4th Wednesday of
each month (March -
September).

LOCATION

Until restrictions on
gatherings end, WLCL
Board Meetings will be
held online.

2021 MEETING DATES

May 26, 2021
Jun 23, 2021
Jul 28, 2021
Aug 25, 2021
Sept 22, 2021

GENERAL MEMBERSHIP MEETING & ELECTIONS

Bill Maine

This important meeting is scheduled for 7:00 PM, Wednesday, May 26, 2021. Due to the inability to hold the meeting at White Lake Township offices it will be held as a virtual meeting using Google Meet.

You may join from your computer using
meet.google.com/orh-giku-opj,
or by phone (716) 800-3367
PIN 721 560 844#

An important part of this meeting is the nomination and election of WLCL Board Members and Officers by the members of the WLCL. Any WLCL members interested in serving on the Board of Directors or holding an officer's position are encouraged to contact us by email at president@wlcl.org. All 2021 members of the WLCL are eligible to vote for Board of Directors candidates. Full details may be reviewed in the bylaws by clicking on the home page "More" tab then clicking on "Publications" then "WLCL By Laws".

COMMUNICATIONS

David Reid

This newsletter only provides a snapshot of the WLCL activities. Get the most up to date information at:

- 1) wlcl.org
- 2) WLCL Facebook page, and
- 3) through WLCL e-newsletters

If you do not receive the e-newsletters and would like to, you must **sign up** either:

- 1) **on the wlcl.org home page** by clicking on the "*Click Here to Subscribe*" link at bottom of Home Page, or
- 2) **on the WLCL Facebook page** by clicking on the blue "*Sign Up*" button near the top of the Facebook page.

VOLUNTEERS NEEDED

Linda Smallwood

We have recently lost a number of longtime active volunteers due to moving off the lake, "ageing out" or health problems that make it not possible for them to do what they have always done.

If you enjoy the Pancake Breakfast or Boat Parade or Home Tour or Winter Carnival or would like to assist with memberships, Facebook or any of the other events please let us know at communications@wlcl.org.

The people that get involved in the activities have a great time and make many new acquaintances and friends on the lake.

MEMORIAL DAY PANCAKE BREAKFAST

Denise LaFlamme

Our traditional event is scheduled for Monday May 31, 2021 with Chris Cakes serving. While we are hopeful that the COVID infection rates will drop as more people are vaccinated, we are having to be flexible with our plans. We are considering a carryout only approach if

the COVID situation does not permit a safe in person event. While we would miss some of the fun of seeing old friends and making new ones at the event, it would still be a great way to kick off the summer season on the lake.

Stay tuned we will be sending out e-newsletter info on the Pancake Breakfast as we get closer to the date. ***We would love to be able to have this event for everyone to kick off the summer season but we will only do it if we can make it safe for everyone.***

WEED CONTROL

Frank Dyson

The Department of Environment, Great Lakes and Energy (EGLE) has enacted a new policy affecting all New aquatic nuisance control permits beginning in 2021 regarding the use of copper sulfates for surface control of algae. This policy affects all water bodies within the state over 10 surface acres except canals and marinas connected to the Great Lakes. Essentially copper sulfate is banned from use for the months of May and June for algae control. Chelated copper can be used to treat up to 25% of the potential fish spawning area of a waterbody. However, chelated copper algaecides are not as effective as copper sulfate and they are more costly.

Aqua-Weed will again do the weed control on White Lake. Aqua-Weed together with Frank Dyson will do a thorough review of the lake weed situation to permit proper planning and application of weed control products. The chemicals to be used are in the included treatment notice. Yellow notices will be posted prior to each treatment. Please contact us regarding weed problems at weeds@wlcl.org.

INDEPENDENCE DAY FIREWORKS & BOAT PARADE

Chuck Neville

This year's fireworks show will be on Saturday July 3, 2021. The White Lake Citizens League has again contracted with Gen-X Pyrotechnics for a fantastic display of lights and explosions. As in years past, the display will begin shortly after sunset when the sky is dark enough for good viewing. The sheriff will designate a boundary for boats at a safe distance around the fireworks barge to keep everyone safe. The fireworks show requires special permits from the DNR and the Township and the fire department is required to be on site before the fireworks start.

Our great lake community is able to enjoy and share this magical event due to the generous donations from all of you who are White Lake Citizens League members and sponsors and participants in WLCL fund raising events. All costs for the show are 100% funded by the White Lake Citizens League. If you have not yet donated to the 2021 fireworks fund, please do so to ensure that we can continue to have this amazing event. Watch wlcl.org and Facebook for information on the Boat Parade as it becomes available.

Gather your friends, sit back, relax and enjoy the show!!

A special thanks to the Beaumont Seven Harbors White & Duck Lakes Association for allowing the use of their beach property to load the fireworks barge again this year.

MEMBERSHIP DRIVE

Linda Smallwood

Thank you to everyone who supported the 2020 Membership Drive, helping us reach a new high of 427 members. Thank you also to our Membership Drive Representatives, we greatly appreciate all that you do for the WLCL. We are in need of a few more Membership Reps in various areas of the Lake. If you can spare a little time, please email me at: join@wlcl.org.

We are encouraging you to again make your membership payment and donation by mail using the membership form included in this newsletter or on-line at wlcl.org. The website is setup to accept your transaction in a secure environment and will notify us as payments are made.

We chose Apple Red with White lettering for the 2021 Flags. They are already in. We look forward to seeing this year's flags on everyone's boats.

**Support the Fireworks Saturday July 3
Join Now!!**

SHERIFF LAKE PATROLS

Dave Reid

This summer White Lake is again contracting with the Oakland County Sheriff for marine patrols on our lake. In addition to patrolling every weekend from Memorial Day through Labor Day, the sheriff will patrol occasional weekdays and late nights as well as some evening fishing tournaments.

We have asked that they pay particular attention to wrong direction of travel in the narrow areas of the lake. Please report any dangerous activity on the lake any time by calling 911 or the Oakland County Sheriff Dispatcher at (248) 858-4950. More information is available on the "Sheriff Marine Patrols" and Boating Safety & Regulations" pages on the wlcl.org website.

****This notice is required for each Lake/Pond resident, to be distributed between 7 - 45 days prior to first treatment (per EGLE rules)****

TREATMENT NOTICE

RESIDENTS IN THIS AREA ARE PLANNING TO HAVE THE WATERS IN THIS AREA TREATED WITH HERBICIDES AND ALGAEICIDES FOR CONTROL OF AQUATIC WEEDS AND/OR ALGAE.

This notice is being circulated as required by the Environment, Great Lakes & Energy (EGLE) rules. A permit for the treatment has either been secured or will be secured from EGLE before the work is begun. In some cases, a permit is not required.

You are receiving this notice if you are in the proposed treatment area, or if you are within 100 feet of the proposed treatment area. In some cases, we also provide this notice to persons in adjacent subdivisions as an informational courtesy to advise persons who may have beach rights but are not lakefront residents.

We usually work with groups of homeowners or their elected representatives through homeowners' associations, or with the owners of apartment or condominium units. Please try to contact any of these in your situation if you have any questions about the proposed treatment plan.

Aqua-Weed Control, Inc. typically performs two types of treatments: algae control and weed control.

Algae Control - If we are doing only an algae control treatment using only copper-based products then no water use restrictions apply. We will post the shoreline with yellow signs informing you of this work as required by EGLE.

- ☐ Lakes – Typically lake shorelines are treated twice during the summer.
- ☐ Ponds – Expect several algae control treatments during the summer beginning in late April thru September.

Weed Control / Water Dye - If we are treating for weeds, or using blue dye, or using some non-copper algae control products then there are restrictions on the use of the water, and we will post the shoreline with yellow signs before these products are applied to the water body as required by EGLE.

We treat each water body according to a schedule or seasonal plan worked out between the persons in charge and an aquatic manager. A typical plan will include multiple treatments from May thru August and possibly September. However, due to the differences in season plans and the uncertainty of weather, please watch your shoreline for the posting of the yellow signs throughout the summer.

Typical lake weed control treatment patterns:

- ☐ If your lake is to be treated with Fluridone then you can expect treatment in late April or early May and then again in mid May.
- ☐ If your lake is to be treated for weeds using other herbicides, then you can expect two treatments a summer. The first being in late May or early to mid June. The second application typically is done in mid too late July or early August depending on weed growth patterns. In a few cases a third touch-up weed application may be required.
- ☐ Ponds are typically treated for weeds twice each summer.

IN MOST CASES YOUR WATER BODY WILL BE TREATED MORE THAN ONCE EACH SEASON; CHECK THIS WITH YOUR ASSOCIATION.

The posted signs will indicate the date of the treatment, the product name, the active ingredient, and any restrictions as to the use of the water for swimming, watering lawns and the consumption of fish taken from these waters. We use NEW SIGNS for each treatment.

When more than one product is used, the restrictions longest limits will be posted. IF YOU HAVE ANY QUESTIONS PLEASE CONTACT YOUR HOMEOWNERS ASSOCIATION OR NEIGHBORS WHO ARE IN CHARGE OF THE TREATMENT OR YOUR APARTMENT OR CONDOMINIUM MANAGER. If they cannot answer your questions, we can be reached at the number on the other side of this notice.

Only products which have been registered for use in the aquatic environment by the Michigan Department of Agriculture and the US Environmental Protection Agency are used.

We anticipate using one or more of the products listed. Please be aware of the restrictions on each product. If EGLE changes any restrictions, they will be noted on the signs we post.

(OVER) →

PRODUCTS & RESTRICTIONS: (Information below is from product labels. When 2 or more labels exist for a single active ingredient the most stringent information is provided)

Diquat Dibromide: Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water to irrigate turf or non-food crops for a period of three [3] days after treatment. Do not use the treated water for watering food crops, animal watering (farm stock -- not incidental drinking by a domestic pet) or drinking purposes for a period of five [5] days after treatment. There is no restriction on fish consumption. Diquat dibromide is the active ingredient. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Reward, Tribune.*

2,4-D (ester and amine): Do not use the treated water for swimming for 24 hours. Do not use treated water for irrigating plants, mixing sprays for agricultural or ornamental plants, watering dairy animals, or domestic water supplies for 21 days. "Irrigation" includes watering gardens --however it does NOT include established grasses. Domestic use means using lake water inside your house. There is no restriction on fish consumption. 2,4-D is the active ingredient. *Common trade names for this product: Navigate, Sculpin G, Renovate Max G (also contains Triclopyr)*

Triclopyr: Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water for irrigation of any plants except turf grass for 120 days or until the active ingredient has dissipated below a non-detectable level as determined by water testing (usually after 2 weeks). This restriction does not apply to established turf grass watering. There is no restriction on fish consumption. Triclopyr is the active ingredient. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Renovate 3, Renovate OTF, Renovate Max G and Navitrol. (Note: Renovate Max G also contains 2,4-D)*

Endothall: Do not use treated water for swimming for 24 hours (EGLE restriction). Endothall is the active ingredient in each of these products. *No swimming, fishing or watering restrictions exist on the federal label of this product. Common trade names for this product: Aquathol-K, Super Aquathol-K, Hydrothol-191 (liquid and granular)*

Fluridone: Do not use the treated water for swimming for 24 hours (EGLE restriction). It is suggested that lawn and garden watering be restricted from 7 to 30 days at the extreme. The suggested number of days depends on the rate applied and whether you are on a lake or canal and the type of irrigation. When parts per billion (PPB) concentrations of fluridone reach 5 PPB or less there are NO irrigation restrictions. Established turf and tree irrigation restrictions expire (NO restriction) at 10 PPB or less. Most fluridone applications permitted in Michigan are applied at 6 PPB or less! The sign we post when we treat will give the details for your area. Fluridone is the active ingredient. There is no restriction on fish consumption. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Avast!, Sonar, SonarOne, Sonar Genesis*

Water Dye: Do not use the treated water for swimming for 24 hours (EGLE restriction). No restriction for fishing and watering. Organic dye (food grade) is the active ingredient. *The label restriction for swimming is "several hours" after application or after even mixing throughout the water body. Common trade names for this product: Cygnet Select, Cygnet Extreme, Pure Blue, Paradise Blue.*

Copper based algaecides: NO WATER USE RESTRICTIONS. Copper is the active ingredient. Informational posting only. *Common trade names for this product: Alligare Argos, Copper Sulfate, Cutrine (Plus,Ultra), Captain (XTR), K-Tea, Symmetry, SeClear, SeClear G, F-30.*

Copper based herbicides: Do not use the treated water for swimming for 24 hours (EGLE restriction). Copper is the active ingredient. No restriction for fishing and watering. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Nautique, Komeen, Harpoon (liquid and granular), Current.*

Sodium Carbonate Peroxyhydrate: No water use restrictions. The active ingredient is a strong oxidizer. *Common trade names for this product are: Green Clean PRO, Green Clean Granular, PAK 27, Phycomycin.*

Glyphosate: Do not use the treated water for swimming for 24 hours (EGLE restriction). No restriction for fishing and watering. The active ingredient is Glyphosate. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Shoreklear, Shoreklear-Plus, Aqua-Star, Refuge, Alligare Glyphosate 5.4, Aquapro, Aquaneat.*

Imazamox: Do not use the treated water for swimming or irrigation for 24 hours (EGLE restriction). No restriction for fishing and watering. The active ingredient is Imazamox. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Clearcast.*

Flumioxazin: Do not use the treated water for swimming or irrigation for 24 hours (EGLE restriction). Lawn and garden watering is restricted for 1 day after treatment. Do not use the treated water for watering food crops, animal watering (farm stock -- not incidental drinking by a domestic pet), or drinking purposes for a period of five [5] days after treatment. No restriction for fishing. The active ingredient is Flumioxazin. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Clipper, Propeller, Schooner.*

Florpyrauxifen-Benzyl: Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water for irrigation of any plants except turf grass for 14 days or until the active ingredient has dissipated below a non-detectable level as determined by water testing (usually after 2 weeks). This restriction does not apply to established turf grass watering. There is no restriction on fish consumption. The active ingredient is Florpyrauxifen-benzyl. *No swimming restriction exists on the federal label of this product. Common trade names for this product: ProcellaCOR EC*

Carfentrazone: Do not use the treated water for swimming for 24 hours (EGLE restriction). Do not use treated water for irrigation of any plants except turf grass for 14 days if more than 20 % of the waterbody was treated. This restriction does not apply to established turf grass watering. Do not use the treated water for animal watering (farm stock -- not incidental drinking by a domestic pet), or drinking purposes for a period of one day after treatment. There is no restriction on fish consumption. The active ingredient is Carfentrazone. *No swimming restriction exists on the federal label of this product. Common trade names for this product: Stingray.*

This notice contains information that is the latest available at time of printing. We update this notice as required to keep all data current. Updated versions of this notice and product labels are available at our website. (www.aquaweed.com)

WHITE LAKE MERCHANDISE

Elizabeth Millington

The White Lake Citizens League will again be selling White Lake logoed merchandise on-line and hopefully in person. The money raised goes towards the fireworks shows. Watch for the cool design and product offerings that will be communicated by e-newsletter, on wlcl.org and the Facebook page when they are ready for sale.

FISHING TOURNAMENT

Scott Trudell

The 2021 WLCL Summer Fishing Tournament is scheduled to be held on Saturday June 12, 2021 from 7 AM to Noon. This is the free fishing weekend, so anyone can participate without buying a license. We do require that there be a WLCL member on each boat. Registration starts at 6 AM at the White Lake Inn, with a \$30.00 entry fee per boat. No carp or bowfishing will be counted in the tournament. Coffee and donuts are being provided.

This family friendly event is a great time to show off your fishing skills (or luck). There will be cash prizes and a trophy for: 1st & 2nd place largest combined weight of 3 fish per boat, the largest single fish, the largest walleye and 1st & 2nd place Youth Trophies (13 & under) for the largest fish by weight. Download the official rules and an entry form from wlcl.org

Grab your gear and the kids and let's go fishing!!

SAILBOAT RACES

Manuel Bartolo

Ahoy sailors! 2021 marks the 13th year of organized sailboat racing on White Lake. The start of this year's season is Tuesday June 1st. New participants of all levels are encouraged to join.

It doesn't matter if your boat is big or small or if you have none at all. We will try to find a boat with an open seat for you to crew on. The racing format is very casual and is intended to help grow interest in the sport. The races

are held on Tuesday's at 6PM starting after Memorial Day and run through Labor Day week. With safety being a key consideration, participants are notified by phone, text or email if weather will cause a cancellation or reschedule of the race. Please contact Manuel Bartolo at mjbartola@comcast.net or sailing@wlcl.org to be added to our contact list.

So, let's get the sailboats ready for the water and come have some fun sailing! **See the new traveling trophy for the best boat at the White Lake Inn.** More information can be found on the "Sailing" tab on the wlcl.org website.

HOME TOUR

Chuck Neville

The 10th Home Tour (take 2) is planned for Saturday July 24, 2021. We currently have 2 homes committed for the tour and are looking for an additional 3 homes. Assuming we can get the additional homes....AND COVID is under control. The tour will consist of a pontoon ride to each house, with wine and cheese on the pontoon and a guided tour of five

homes. All proceeds benefit the White Lake Citizens League Independence Day Fireworks and Winter Carnival Fireworks. Tickets will be sold on-line on a first come first served basis. Pictures of the homes on the tour and the timing of ticket sales will be announced by e-newsletter and on the WLCL website and Facebook page. If you are willing to help make this year's event successful by showing your home, please email hometour@wlcl.org or call Chuck Neville (248) 390-4139.

BOWLING TOURNAMENT

Denise LaFlamme

We hope to again have this fun, fund-raising event in the fall of 2021 at the Cherry Hill Lanes North, which is owned by White Lake resident Jim Kulha. The date will be confirmed and details will be communicated as soon as circumstances permit. Please watch for event details in e-newsletters and Facebook posts. Plan to come out to join the fun and make new friends with other White Lake residents!

THE WLCL WINTER CARNIVAL

Chuck Neville

The Winter Carnival planned for Saturday February 6, 2021 was another victim of COVID. Too bad because we had plenty of ice for the 2021 Carnival. Weather (and COVID) permitting, we look forward to seeing everyone again at 2022 Winter Carnival on Saturday February 5, 2022 with on-ice games and end of the day fireworks!!

A BIG THANK YOU to these local businesses who supported the WLCL in 2020!
