

# WLCL Board & General Meeting Minutes

Wednesday, August 4, 2021 at 7:00 PM

Present:

Joe Tibus  
Denise Laflamme  
Larry and Janis D'Angelo  
Joan Cooper  
Scott Trudell  
Kevin and Chris Wichers  
Frank Dyson  
John and Elizabeth Millington  
Mike Genter  
Paul Richards  
Karen Pinagel  
Larry Bruins

Absent: Chuck Neville, Stephanie Kamer, Linda Smallwood, David Reid, Walt Koziol

7:05pm we are all standing outside the township waiting to get in.

We are in... meeting starts 7:12pm

A minute a silence for Bill Maine and a short discussion on him and his accomplishments.

The minutes of the June 23<sup>rd</sup> meeting were approved.

Joe went over the finance numbers Chuck provided. He started to sound like Chuck, reading one number after another. Overall, we are in great shape and \$\$ are up from last year at this time.

FB page help. We need someone to take this on. Elizabeth has reached out to someone.

Membership, Chris wickers has agreed to take on this project. Elizabeth is willing to help too. (I think Mike Genter might be in on this too), can't read my writing) Linda will be available and the 3 plan to meet

Fireworks... Jason has committed his July 2nd to another VENUE. Without contacting us first. Took several calls and emails (when he found out we contacted Wolverine) to get him to respond. He assumes he has our contract by his attitude. We all agreed to pursue other avenues, with a great lead on a White Laker who does fireworks.

The budget for the fireworks was discussed and agreed to.

Karen is working on bids. We are also looking at a 2-year contract as that seems to be the norm now.

Merchandise... 25 orders were outstanding at the time of the meeting. The items have been delivered. Elizabeth, Denise, Chuck delivered to those that requested delivery.

Weeds, Weeds, Weeds....Need to get someone else involved to shadow Frank. Frank doesn't want to do this forever. Discussion on the weeds in the lake, the newcomers (celery weeds?) and all the fancy terms used to clean the weeds up were discussed.

Home Tour... went well. VIP night was good hosted by Joe and Wendy.

The POPO. Discussed Mike Flannigan's attitude. Joe has spoken to him. Overall, he is there to keep us safe and is doing a great job

Geese roundup - Shelly Kirschner has volunteered to take this on. She has experience from previous lake. We need to get permits in and approved; come spring she can do her thing. Larry went on to inform us that 1 goose poops - 2 pounds a day!! times that by 100 geese.....Yikes! Larry went on a few times about the geese and their belongings. We all agreed to move forward to control the population.

Fishing tournament - September 11th. Coffee, donuts and prizes (probably to the Brown family - just saying). 6:30am-7:30am registration

Need to revisit our by-laws, they are old, we are young

Need better communication with those not on the lake, campground, and Mitchells Marina.

Volunteer appreciation night at the White Lake Inn. Denise spoke to Chris.

Saturday October 2nd, or after would work for him as he continues to struggle for staff and is losing 5 come college time. He is flexible on the date, need to touch base again when ready to confirm

D
